**1<sup>st</sup> Choice for Quality and Value**

about R Tape Inc.

Founded over 25 years ago in 1980, R Tape Corporation, an IGI Company, manufactures a wide range of products for the sign, screen and digital printing markets. R Tape product line includes application tapes with Conform technology, DigiMask Claritex polycarbonate films, VinylEFx Decorative and (outdoor) Durable metallised special effect films and overlaminating films.

## Outdoor Durable

A variety of real metal, light-diffracting and 3D patterns, primarily in silver and gold for long-term outdoor signage. Provides up to five year outdoor durability when applied to vertical surfaces and edge sealed or clear coated.  
(please ask for R Tape's warranty and application instructions)

## Decorative

Available in a wide variety of brilliant colors in light-diffracting, 3D and holographic patterns for interior or seasonal exterior signage (short-term marketing campaigns). A brilliant choice for car graphics, window dressing and interior POP displays.  
(please ask for R Tape's warranty and application instructions)

## Large Format

Specially designed for printing with solvent- and UV screen print inks; as well digitally with solvent, mild/light solvents, ecosolvents, UV and thermal technologies. VinylEFx large format is available in both Decorative and Outdoor Durable grades.  
For detailed information, see VinylEFx Product info.  
(please ask for R Tape's warranty and application instructions)

## Heavy Metal Films™

Available in an assortment of Chrome, Brushed, Engine Turn, Diamond Plate and Carbon Fibre patterns for a sophisticated high-tech look.  
Many other colors, up to 39 standard available as a special order.

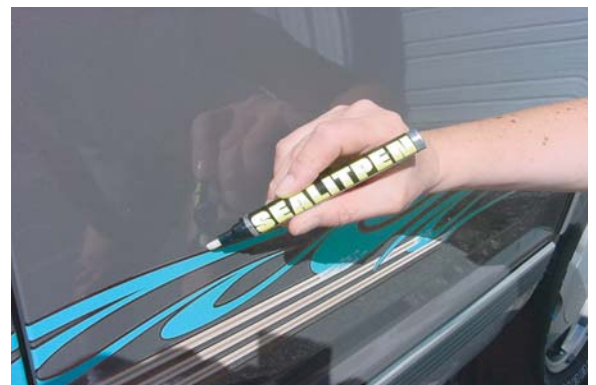

## Multi-Lens®

Using the Fresnel Lens principle, Multi-Lens creates the effect of three dimensional convex spheres.  
Standard lens size of 35mm  
Many other colors, up to 42 standard available as a special order.

VinylEFx SealIT is a simple answer to your edge sealing problems with VinylEFx and other vinyl applications that require edge protection from washing, polishing and excessive physical contact.  
Each SealITpen is filled with 1Shot brand 4005 UV blocker acrylic clear, for a fast drying (15 minutes), long lasting edge seal.

VinylEFx is only available through authorized R Tape distributors:
